Consent Agenda Item No: CA-c
Meeting Date: September 13, 2021

Subject: July 2021 financial statements and balance sheets for all funds and a listing of all manual monthly journal entries.

Background: As part of the City's continuing efforts to refine financial controls and minimize risk, the monthly financials and any manual monthly journal entries are to be presented to Council for review during regular Council meetings. If at any time Council has a question of the validity or accuracy of any item presented on the financial statements or journal entries that should be brought to the attention of the City Manager and/or Finance Director.

July Financial Statement Highlights

General Fund

To date, the general fund's net growth is \$535,108.

Overall, revenue is down 4.7% from the same time last year. Tax revenue increased 3.4% over the same time period as last year. Property tax collection improved from the past year by 12.5%. Last year, property taxes were delayed significantly due to the pandemic. Sales Tax has improved slightly from last year but use tax has dropped 92.2%; this drop is due to development stagnation.

License and permit revenue has likewise dropped 53% due to slowed development. There have only been two new home permits since the beginning of the year, and both were in Eagle Meadow. However, when Sweetgrass filing 4 receives probationary acceptance will determine when the City will start to receive permit applications for new homes; that may be the end of this year but may not be until 2022. Fine and forfeiture revenue is also down from 2020 by 15%.

Other income is up from last year by 70% but this increase is technically a recovery of expenses from the prior year when the City paid to demolish two properties that had been marked as condemned due to fire damage. The City recovered by recorded liens all of the costs associated with the demolitions this year. Donation and grant revenues are up by 73% from last year as well. Last year, the City did not fund-raise for events because COVID-19 mandates prevented the City from having most events in 2020. This year, the City's Music and Movies series created potential for sponsorship opportunities for local businesses. The State closed the grant project created by the flood of 2013 and sent the City a final payout for that project.

Overall expenses are also down from the same time last year, by 11.9%. The most notable changes in expenses are a drop in building permit reviews, and inspections, marketing costs, and code enforcement.

Water Fund

To date, the water fund has a net deficit of (\$342,056).

Water fund revenue is down 9.8% compared to this time last year. Water sales revenue has declined 2.7% compared to last year. The City experienced unusually high consumption last year. The hot and dry season started later this year with a wet spring and early summer. Plus, COVID-19 health emergency mandates were lifted allowing people to resume life outside of their homes cutting down on excess water use this year. The City has recovered some of that deficit this year by collecting excess consumption surcharges from over-users last year. Economic conditions also affect this fund, reduced tap installation and lower interest rates cut other income by 32.3% from last year.

Overall expenses are down from the same time last year, by 29.6%. NISP costs in 2021 are down 51.3% from last year, capital projects are still under construction and final invoices have not been paid, development expenses have declined and open positions have reduced payroll expenses.

Street Fund

To date, the street fund has a net growth of \$293,471.

Street fund revenue is down 15.9% compared to this time last year. Total tax revenue including intergovernmental tax collected is down 5.1%, use tax being the most predominant. The fund has also transferred \$106,007 to the capital fund to cover debt service for the tractor and grader final payments plus other capital asset purchases.

Overall expenses are down from the same time last year, by 17.6%. Procedure change created this difference. In 2020, the street fund budgeted for capital expenses whereas in 2021, those projects were moved to the capital fund and revenue has been transferred to cover the cost.

Capital Fund

The Capital fund has increased 174% from this time last year. This change is due to the procedure change mentioned previously.

Tax revenue actually declined 12.5% from last year but other fund revenues source assets and projects budgeted out of this fund. The goal is to track capital assets through one fund and alleviate large fluctuations in the operating budgets of other funds from year to year. This will help create an environment to better forecast future budget trends over time.

To date the projects sourced in the capital fund in 2021 include the construction of the new annex building and remodel of the City Hall which is an ongoing project, the first year payment of Axon Body cameras for the police department, a utility truck, towable boom lift and replacement body for the dump truck for public works. The capital fund has also made final debt service payments on the tractor and street grader also used by public works. To date, expenses out of the capital fund total \$2,470,518. The sources of revenue to pay

for these assets include the general, water and street funds along with certificates of participation and 10% of sales and use tax collected through the year.

Conservation Trust Fund

The conservation trust fund has received two payments to date from the proceeds of the Colorado lottery. There will be two more during the calendar year.

The only expense budgeted this year through the conservation trust fund is repairs to the BMX lights. To date \$4,793 has been spent.

Impact Fee Fund

The impact fee fund has received impact fees from 2 new home permits in 2021 compared to 62 this time last year. Therefore, impact fee revenue is down 96.5% from July last year. Couple that with lower interest rates and overall revenue is down 96.2%.

Frederick and Dacono have an ongoing drainage study that started in 2020. To date, the City has paid \$60,063 this year for that study.

June Manual Journal Entry

Most journal entries are created automatically by the accounting system via daily activities; receipt entry, accounts payable invoice posting, check draws, and customer invoicing. The journal entries provided to Council are manual entries created by the Finance Director for a few reasons; adjusting entries correcting posting errors, automatic or ACH payment of certain monthly taxes, posting interest and other debits/credits shown on bank statements just to name a few. These journal entries are batched numerically and the date is adjusted at the time they are posted to ensure accuracy. Here is the breakdown of entries posted for July 2021.

- 19923 – To record payment of payroll taxes and FPPA pension for pay period ending June 30, 2021.
- 19440 – Booked property tax received from Weld County Treasurer.
- 19943 – Book special assessment payment from Weld County Treasurer.
- 20024 – To record payment of payroll taxes and FPPA pension for pay period ending July 28, 2021.
- 20035 – To post interest, and other EFT payments to bank accounts for bank statement reconciliation purposes.
- 20117 – To post additional transactions for bank reconciliation including wire transfers, lien redemption, and credit card refunds.
- 20127 – Post UMB Bank interest.

Agenda Item No: Consent Agenda - d.

Meeting Date: September 13, 2021

Subject: Consent Agenda Item

City Staff Member: A.J. Euckert, City Manager

d. Resolution 21-65, approving a scope of work with CIP Consultants for concrete replacement

This project will replace work previously performed by a City contractor. The work was substandard and caused additional damage to the driveway. The previous contractor has been deemed not suitable to perform this work again due to poor quality and the lack of quality control.

RESOLUTION NO. 21-65

A RESOLUTION APPROVING A SCOPE OF WORK AND COST ESTIMATE WITH CIP CONSULTANTS, LLC FOR CONCRETE WORK

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DACONO, COLORADO:

Section 1. The proposed Scope of Work for concrete work (“Scope”) by and between the City of Dacono and CIP Consultants, LLC, is hereby approved in essentially the same form as the copy of such Scope accompanying this resolution.

Section 2. The City Manager is hereby authorized to execute the Scope, and is further authorized to negotiate and approve on behalf of the City such revisions to the Scope as the City Manager determines are necessary or desirable for the protection of the City, so long as the essential terms and conditions of the Scope are not altered.

INTRODUCED, READ, and ADOPTED this 13th day of September, 2021.

CITY OF DACONO, COLORADO

Joe Baker, Mayor

ATTEST:

Valerie Taylor, City Clerk
