Hello,

We are writing to provide you with an update on our planned operations around Dacono (please see the map on the reverse side for the locations of the pads). We plan on commencing construction activities (Phase 1) on the Buddy and Ranger pads in mid-December and early January 2019, respectively. We anticipate horizontal drilling (Phase 3) on the Buddy pad to begin in late February and to extend through mid-March, and on the Ranger pad from early March through mid-June. We will send additional information as plans to conduct hydraulic fracturing, facility construction, and reclamation progress.

If at any time you would like more information or wish to report an issue related to our operations, you may reach us through the Anadarko Colorado Response Line (1-866-248-9577 or [AnadarkoColorado@Anadarko.com](mailto:AnadarkoColorado@Anadarko.com)). We welcome your feedback at any time as we perform work near your community.

Sincerely,  
Stakeholder Relations Team
